

Look Out for Another Window Picture Sale of 15c Each.

NOTHING LIKE IT EVER BEFORE IN ARIZONA. HOW DO WE DO IT? OUR CUSTOMERS OFTEN ASK THESE QUESTIONS WHEN THEY BUY OUR BARGAINS.

How can we sell 2 Double Sheets Sticky Fly Paper for 5c that credit stores sell at 10c. Blue Seal Vaseline for 5c that credit stores sell at 10c. 11-inch Genuine Victor Bread and Cake Knives for 10c that credit stores sell at from 25c to 50c.

No. 1 Iceless Refrigerators for \$10 that sold at \$20. No. 2 Iceless Refrigerators for \$15 that sold at \$25.

Why do we sell hundreds of articles in Guns, Tents, Cots, Hardware, Glassware and Crockery at less than the credit stores sell them?

Because we don't need a bookkeeper. Because we don't keep a collector. Because we don't have any losses that attend the credit business.

Because all of our money is invested in a large, well assorted stock of bright new goods instead of in accounts in the ledger.

Why do we happen to have the agency for the 1902 up to date insurance Gasoline Stoves?

The Standard Wickless Blue Flame Oil Stoves? The Wonder Five-Minute Ice Cream Freezers?

The Genuine Blue Delf Enamel Ware? The Wagner Aluminum and Nickel Plated Holloware?

And many other high grade articles we could mention?

WHY these bargains? Why these high grade goods?

Because we are always on the alert to secure goods at prices that will enable us to often sell at our competitor's cost and yet realize a profit.

Because we are ever seeking the agency for the up to date, successful things.

And because we do a money-back, dollar for dollar if you're not satisfied sort of business.

DAVIDSON'S CASH STORE

Phoenix, Ariz.

Mail orders promptly filled. Don't forget to watch our windows for the 15c picture sale. They are beautiful, worth five times the price.

"NONE SO BLIND
"As Those That
"Won't See."

No truer saying. Shakespeare used in a figurative sense.

Today it applies in a more direct way.

There are those who won't see him because they won't wear glasses.

They see but half of what others see and but little of what they might see.

Neither do they see the danger they incur in allowing defective eyes to go uncorrected.

Our business is the fitting of glasses for all defects of vision.

THE WEATHER

Local Daily Weather Report for The Arizona Republican.

Forecast for today (—)
Data for 24 hours ending 8 p. m. yesterday:

MEAN	NORMAL	DEPARTURE
80	77	+3

Maximum temperature 97; minimum temperature 62.

Average relative humidity 18 per cent.

Total precipitation, 0.

Character of the day, cloudy.

W. L. G. BURNS,
Section Director.

A BLOOMING YUCCA—A yucca on the lawn of Dr. Halsey has three large plumes in bloom. The triple bloom is said to be of rare occurrence.

BACKFIRE FROM PEAK—L. E. Hewins returned yesterday from the Pikes Peak mine. He says operations at the property are progressing satisfactorily, and everything looks pleasant to those interested.

TO WORK FOR STATEHOOD—Governor N. O. Murphy has gone to Washington, where he will labor in the interest of the statehood bill, which is now in the senate committee on territories. He will be absent from the territory about two weeks.

A MODERN SOCIAL—The members and friends of the Modern Social are anticipating an unusually delightful time next Tuesday evening in the Packer hall. Dancing for those that dance and cards for those who do not wish to dance will be the principal features of the evening's enjoyment.

WILL TALK OF ARIZONA—Dr. R. W. Craig will leave tomorrow night for the east. He will first go to Chicago and will then attend the meeting of the National Medical association, which will assemble at Saratoga Springs, N. Y., on June 10. He will read a paper there on the climate of Arizona. He will return about July 1.

WHAT RUMOR SAYS—Contention, rancorously with the announcement of the resignation of Miss Addie Bury as a teacher in the city schools, the name of Dr. Harry B. Plimley has been mentioned in a manner that warrants society in expecting a more interesting announcement at an early day. Mr. Plimley is a successful young dentist of Chicago and was formerly a resident of this city.

WICKENBURG SMELTER—Deer Wick Mill of Wickenburg, who has been in Phoenix a day or two, says the site for the new smelter has been secured and is now being graded for the erection of the plant. Wickenburg will therefore have a smelter ready for work at an early day and with the number of mines and prospects in the immediate vicinity, there should be no doubt of the success of the enterprise.

FROM JOLLY TO LAL—Benjamin Francis, who resides, when at home, in a house near Third and Jackson streets, is now in the city jail, together with four of her admirers, to whom she tendered a banquet on Saturday night, consisting mostly of men.

The party became riotously happy and all the arrests were made in the neighborhood could get part of the story that was due them in the after part of the night. Before morning, Sheriff Jacobs was added to the lot. The atmosphere in police court this afternoon may have a tendency to intoxicate.

RAPIDIST CHURCH—The music at the Baptist church on Sunday morning included a duet by Mrs. Enders and Mr. Coggins and a solo by Mrs. E. E. Brooks. At the Young People's meeting at the evening, led by Mr. W. W. Gibson, letters were read from several missionaries. Mr. Topping in Japan, Dr. Hunter and Mr. Johnson in Burma, also a letter from friends of the pastor in Providence, R. I., inviting any member of the B. Y. F. to have a pitiable entertainment should they attempt the international convention of the society to be held in Providence in July. It was announced that the musical programme next Sunday will include a duet by Mrs. Enders and Mrs. Thompson and other selections by the choir and solos by several of the city's favorite vocalists.

LOST A BROTHER—Geo. H. Glasson, of the Golden Gate mine, Sonoma, California, writes to a friend in this city enquiring regarding the whereabouts of his brother, Simon Glasson, who he thinks is working at some mine in Arizona. Arizona knowing Simon Glasson will do him a favor by apprising him of his brother's whereabouts.

THE RELIEF MINE—George Hamilton, who was in the city a day or two ago, reports that his incline shaft on the Relief mine is now down about 30 feet. The formation is hard and he is making only about one and a half feet a day. He says he proposes to keep digging until he strikes water or runs out of cable, before he begins cross-cutting.

A NARROW ESCAPE—Thomas D. Bennett is physically the strongest man in Phoenix, but he is thankful that he is not so strong and blue all over, for that is the way he knows he is not dead, as he would have been but for a lucky loss of a shoe. He was out hunting the other day on horseback. On his way home his horse stepped into a hole and tumbled, partially falling. Mr. Bennett was thrown, but not hurt. One foot was forced through the stirrup, and the horse, pulling himself together, began kicking. Mr. Bennett was kicked in several places, but he was placed in the greatest danger when the horse began to run. He was dragged a half dozen yards when the box shoe he was wearing pulled off and he was released. That low shoe was all that saved him. He is able to be about town, but he moves with pain and difficulty. He is a humping advertisement of the superiority of a good shoe when one is riding on horseback.

A HATCHING OF EAGLES—Thirty-five members of the order of Eagles of Phoenix left this morning for Prescott for the purpose of assisting in the institution of an eagle there. It will probably be called Prescott Eagle and the aerials are usually named after the towns where they are located. The Phoenix lodge had to choose the name of Arizona Eagle since there was already a Phoenix lodge in British Columbia. The Prescott lodge will start off with a membership of more than 100, of whom eighty live in Prescott. The rest of the membership of the lodge will be made up from Jerome. The Phoenix contingent traveled in a special car. In the number was L. R. Kruger, who has a dual errand. He goes both to see the new lodge, not properly started and to assist in the perfection of the organization of the Young Men's Democratic club in Prescott, which was partially organized a month ago. It is a subordinate lodge of the Young Men's Democratic club of Phoenix. Mr. Kruger has the character with him.

ESCAPED INTO MATRIMONY—For some time two sisters, American girls, have been inmates of the "Citizen" home in this city. One of them was in love with a Mexican named Ramon Morales and her affection was reciprocated. The other was infatuated with James Shaw, hitherto somewhat known to fame, but better known to the police. Yesterday morning Shaw and Morales went out to the home and sitting on a pile of lumber near by began a flirtation with the girls. They were seen and the police notified. Officers Kinney and Russell proceeded to jail them. Morales said he was desirous of entering into matrimonial relations and the probate judge was sent for. It was then discovered that Morales was not old enough to get married without his mother's help. She was sent for, and although objecting at first, she decided not to stand in the way of his happiness and his escape from jail. For Shaw there seemed to be no opportunity of escape, even by matrimony, so his case will be laid before the city recorder. The Morales wedding occurred last night.

Personal Mention

E. E. Ellwood of Prescott registered at the Commercial hotel.

Mrs. W. H. Rother of Omaha is a guest of the Hotel Adams.

S. W. Hingley of Prescott was a guest of the Hotel Adams yesterday.

"RUBY"

The Phoenix Flour Mills have put in complete new machinery of the latest improvements for grinding hard wheat and have shipped in hard winter wheat from Kansas from which they are making a high grade patent flour under the brand "Ruby," which they guarantee to be equal to, or better than, any eastern flour shipped into the valley and to guarantee every sack, and if not satisfactory to the customer, the money will be refunded at the mill. If you must use eastern flour, why not patronize home manufacture. Try a sack of "Ruby." All grocers keep it.

For rent, a roomy modern brick residence, a mile from the center of the city on the car line. Will be let during summer months at very low terms to responsible parties who will look after the property. Large grounds and beautiful location. Address H. J. this office.

Continually advancing

In modern life advancement is everywhere evident: the telephone, trolley car, automobile and electric light are all wonderful improvements over the methods of communication, travel and illumination of a generation ago. In the drug business, too, great advances have been made, and we always keep pace with the progress. We have devices and appliances which aid in dispensing prescriptions quickly. We continually add more remedies to our stock. We place before you the latest in sick room helps and nursery conveniences. On one point, however, we never change, that is regarding purity in medicines. In all prescriptions dispensed here we use the highest quality obtainable.
